

EKRFC

East Kilbride Rugby club has been established for 40 years and we are based at East Kilbride Sports club within the Calderglen country park. We have two rugby pitches, one floodlit and we have two successful adult teams playing in the league each week. We also have an external mini Rugby club from kids from primary 1 up to 7. We hold schools training programmes with fully qualified coaches. So if you are interested in playing whatever your skill level or age, or are interested in spectating then please come along and speak to us. We have a friendly club house where you are always made welcome.
